

NEW: LIBRA200 MC

Ω to the Power of ²

Semiconductor Material Analysis Life Science

- Analytical ultra high-end TEM
- Best-in-class energy resolution
- Unmatched ease-of-use
- Superior application solutions for industry and research in material analysis, bio- and life sciences

FE-TEM

- Koehler-Illumination
- Ω -type in-column energy filter
- Ω -type monochromator (MC) exclusively from ZEISS

Available: NOW!
